Step 1: Make the Adjustable Closure Cord

Begin with the closure before crocheting the dragon.

Braided Cord

Cut 3 long strands approximately 24 inches each.

Thread one wooden closure bead onto the end and knot securely.

Repeat for the opposite side later after attaching the dragon body.

Set aside.

Step 2: Crochet the Tail Base

Round 1

Magic ring, 6 sc into ring.

Pull tight.

Round 2

Inc in each stitch around. (12 sts)

Round 3

Sc around. (12 sts)

Round 4

Sc, *inc* repeat around. (18 sts)

The tail should begin tapering naturally.

Step 3: Shape the Tail Length

Continue working in spiral rounds.

Round 5–12

Sc around evenly.

Every 2 rounds:

- Add one decorative scale section on the outer edge.
- Add beads where desired.

How to Make Scales

In one stitch work:

- dc
- tr

Step 4: Add Spine Picots

Along the upper center line of the dragon:

- ch 3
- sl st into first ch

This creates one picot spine.

Repeat every few stitches along the back ridge.

The chart shows spine picots extending from tail to neck.

Step 5: Increase for the Body

Round 13

2 *sc*, *inc* repeat around.

Round 14

Sc around.

Round 15

3 *sc*, *inc* repeat around.

The body should now become wider and flatter.

Step 6: Add Decorative Beads

The original chart includes 14 bead placements.

Bead Placement Tips

Pre-string beads onto yarn before beginning OR sew them afterward.

Place beads:

- Along the side scales
- Near the neck
- Around the body ridge

Space them evenly for balance.

Step 7: Create the Side Scale Panels

The bracelet uses layered scales along the outer body.

Scale Row Pattern

- dc
- tr
- dc

Repeat along selected body sections.

Alternate scale sizes:

- Smaller scales near tail
- Larger scales near center body

This matches the gradual shaping in the chart.

Step 8: Shape the Neck

Round 16

Sc around with slight decreases:

- *4 sc, dec*

Repeat around.

Round 17

Sc around.

The neck should narrow slightly before the head.

Repeat 2–3 rows until pointed.

Fasten off neatly.

Step 11: Add the Eyes 🧐🧐

Step 15: Attach Remaining Closure Cord

Secure the dragon body to the braided closure.

Method

Add second wooden closure bead.

Tie secure stopper knots.

The bracelet should now adjust easily around the wrist.

Step 16: Final Shaping

Use fingers to gently shape:

- Curved tail

- Ear position

Light steaming is optional for cotton thread.

Do not overheat acrylic yarn.

How to Wear the Bracelet

Wrap the dragon around the wrist.
